

Madhya Pradesh State Skill Development Mission

Introduction:

Madhya Pradesh State Skill Development Mission (MPSSDM) was established with an objective of providing access to sustainable quality vocational education to the target youth of the state to meet the challenges of skilled human resource required for various sectors of economy. Madhya Pradesh State Skill Development Mission is the nodal agency for Skill Development in the State.

The state has undertaken a wide range of initiatives in skill development for promotion of industry participation and entrepreneurship and training of marginalized groups. The state also received SKOCH award for online examination conducted for ITI trainees (2015), online admission in ITI's (2015)

Initiatives:

Key initiatives undertaken for skill development in the state are described below:

- State is promoting Industry participation through Flexi MoUs Established of
- Skill Park & Entrepreneurship Development Institute
- Madhya Pradesh state Skill Development Mission (MPSSDM) has reportedly established the first State Level Entrepreneurship Cell. The establishment of Entrepreneurships Development Cell (EDC) is with support from EDI and entrepreneurship promotion has been done via linkages with leading banks.
- MPSSDM is providing Skill Training to PwDs and Marginalised Communities
- Government of MP has entered into a collaboration with ITE Education Services (ITEES) which is a subsidiary of Singapore's Institute of Technical Education (ITE), Singapore.
- Launch of Global Skill Park in collaboration with ITEES (Singapore) with an estimated outlay of USD 150 Million (funded by ADB) and upgradation of 10 ITI has been proposed
- Partnered with the British Council for pilot on 'Core Skills Training' of ITI trainers
- Several Flexi MoUs have been signed with Maruti Suzuki, Hyundai Motors, Toyota Motors and Maruti Development Laboratory
- Mukhya Mantri Kaushal Samvardhana Yojana (MMKSY) Development of employment-oriented skills in women as part of the Kaushalya Scheme proposed. 2 lakh female candidates will be trained under this scheme

Outcomes/Impact:

- 7.5 Lakh Candidates registered under 147 Training providers for training under various programs
- Facilitated Flexi MoU's between 185 ITIs and Industry partners for bridging the demand and supply gap between the industry and available human resource
- Cab aggregator Ola signed an MoU with the government for training over 25,000 entrepreneurs through skill development of drivers
