GOVERNMENT OF INDIA

Outcome Budget 2022-2023

February, 2022

MINISTRY OF FINANCE

OUTPUT OUTCOME FRAMEWORK 2022-23
(MAJOR CENTRAL SECTOR & CENTRALLY SPONSORED SCHEMES)

Preface

The Government of India has undertaken major expenditure reforms over the last few years. This not only includes simplification of appraisal and approval processes, but also structural changes in the process of budget making itself, such as, doing away with Plan / Non-plan distinction. As a result, the cost-centres are being treated in an integrated manner, within only the statutory revenue capital framework. This enables another major structural reform, which is to bring the public schemes and projects under a monitorable output-outcome framework.

Since 2017-18, in addition to the financial outlays of schemes of the Ministries being indicated in the Budget document, the expected outputs and outcomes of the schemes are also being presented in a consolidated Outcome Budget document, along with the Budget. These Outlays, Outputs and Outcomes are being presented to the Parliament in measurable terms, bringing-in greater accountability for the agencies involved in the execution of government schemes and projects. Outlay is the amount that is provided for a given scheme or project in the Budget; while Output refers to the direct and measurable product of program activities, often expressed in physical terms or units. Outcomes are the collective results or qualitative improvements brought about in the delivery of these services.

The Outcome Budget presents (a) the financial outlay for the year 2022-23 along with (b) clearly defined outputs and outcomes (c) measurable output and outcome indicators and (d) specific output and outcome targets for FY 2022-23. This will significantly enhance transparency, predictability and ease of understanding of the Government's development agenda.

Through this exercise, the Government aims to nurture an open, accountable, proactive and purposeful style of governance by transitioning from mere outlays to result-oriented outputs and outcomes. This effort will enable Ministries to keep track of the scheme objectives and work towards the development goals set by them. The document being presented here is an extract out of the Outcome Budget 2022-23 and contains Output-Outcome Framework for major Central Sector (CS) Schemes and Centrally Sponsored Schemes (CSS) with outlay Rs. 500 crore and greater in FY 2022-23. Hence, this document covers 157 CS/CSS schemes.

Acknowledgements

The Output-Outcome Monitoring Framework is a result of co-operation, teamwork and collaboration of a wide range of stakeholders across Ministries and Departments.

It would not have been possible to deliver the exhaustive framework without the relentless help and support of the Division heads in-charge of various CS and CSS schemes and nodal officers of all the Ministries and Departments, under the leadership of their Secretaries.

The framework has benefitted extensively from the assistance provided by the subject matter verticals and the team at Development Monitoring and Evaluation Office (DMEO) under the leadership of Dr. Rajiv Kumar, Vice Chairman, NITI Aayog and Shri Amitabh Kant, CEO, NITI Aayog.

Furthermore, I would like to thank all the officials of the Budget Division in the Department of Economic Affairs for their unflinching support towards creating this framework. In addition, I extend my gratitude to all my team members of the Department of Expenditure with a special mention to the Financial Advisors of the Ministries and Departments, who reposed their belief in this document.

And lastly, I would extend my special thanks to the Hon'ble Finance Minister, Smt. Nirmala Sitharaman and Hon'ble Minister of State (Finance), Dr Bhagwat Kishanrao Karad & Shri Pankaj Chaudhary for their guidance in enabling us to take this important step forward towards achieving the goal of transparent and accountable expenditure management.

Shri T.V.Somanathan

FINANCIAL OUTLAY (Rs in Cr)	OUTPUTS 2022-23				OUTCOMES 2022-23		
	2022-23	Output	Indicators	Targets 2022-23	Outcome	Indicators	Targets 2022-23
15,500	1. Increase in coverage ²	1.1 Number of farmer applications under crop insurance (by 15 th August for Kharif and 15 th January next year for Rabi season) (Cr)	65,00,000	1. Increased risk coverage for insured farmers	1.1 Total sum insured (%) ³ (in Rs.)	20,00,00,00,00,000	
		1.2 Area insured under crop insurance (by 15th August for Kharif and 15th January next year for Rabi season) (Ha)	4,20,00,000	2. Timely processing and settlement of claims	2.1 Average turn-around-time in days for payment of claims from date of harvest ⁴	Targets not amenable ⁵	
	2. Efficient claims assessment through technology	2.1 Number of Crop Cutting Experiments (CCE) captured through smartphones (CCE Agri App) (previous year Rabi data will be provided during 1 st n 2 nd quarter. Current Kharif data made	30,00,000				

¹ Output and outcome activities under the scheme are over lapping e.g. Cut off date for coverage in most of the States under the scheme is 31st July for Kharif and 31st December for Rabi season. Therefore, provisional coverage data is available by 15th July for Kharif and 15th January for Rabi season.

² As PMFBY is implemented by State Governments, some States may implement the Scheme in one year and not in the other year. Hence, only those States that have implemented PMFBY in both 2021-22 and 2022-23 have been considered for comparison here

³ Majority of claims i.e. >90% of reported claims from 2 months of completion of harvesting of crops (as per crop calendar) i.e. 28th February for Kharif and 30th May for Rabi season

⁴ Approved claims are such claims which are ready for payment to farmers and are generally pending due to operational reasons such as payment failures, pending clarifications from State Governments, etc.

⁵ Claims will be settled within two months of harvesting/ submission of Yield data and premium subsidy by State Govt

		2.2	Number of smart sampling points utilized for conducting CCEs on CCE Agri App (same timeline as per 2.1)	Target not amenable ⁶			
		2.3	Percentage of approved claims paid to farmers by insurance companies for the ongoing seasons (Previous Rabi season claims will be reported in 1 st and 2 nd quarter. Current Kharif claims will be reported in 4 th quarter) ⁷	90%			
	3.	Capacity building initiatives	3.1	Number of trainings/workshops held towards scheme implementation	Target not amenable ⁸		

⁶ Will only be known on receipt of request/proposal from concerned State Government. Target may be fixed on 90% of the proposal/request received from States

⁷ Claims are worked out and settled on the basis of yield data received from the State Government, for which cutoff date is two months after harvest i.e. 28th February for Kharif and 30th May for Rabi season. Thus, claim data for Kharif season only is available during the year and Rabi claim data is available in the next Financial Year. Therefore, coverage/claims data of previous Rabi season will be used in the first two quarters and current Kharif data will be used in 4th quarter of the OOMF 2022-23.

⁸ Will only be known on receipt of request/proposal from concerned State Government. Target may be fixed on 90% of the proposal/request received from States

⁹ Actual progress will be reported

¹⁰ Ensure implementation of the projects under the scheme by all States and preparation of DAPs and SAPs by all States

¹¹ RKVY is a Centrally Sponsored (State Plan) Scheme. States have been provided flexibility and autonomy for selection, planning approval and execution of projects/ programmes under this scheme as per their need, priorities and agro-climate requirements. Therefore, number of projects to be taken up under RKVY are decided by State Government as per their priorities and need. Therefore actual no. of targets can not be reported for Outputs for 2022-23 against indicator 1.1 and 1.2

¹² Sector wise number of projects: Agriculture (460-480), Animal Husbandry (70-80), Dairy Development (30-40), Fisheries (40-50), Research Projects (90-100)

¹³ Funding of entrepreneurs/ startups selected through Knowledge Partners (KPs) and RKVY Agribusiness Incubators (RABI) engaged for the purposes by Department

¹⁴ Number of training provided to entrepreneurs is decided by Knowledge Partners (KPs) and RABI (RKVY Business Incubators) selected by this Department for implementation of Agri-entrepreneurship component. Therefore actual no. of target of trainings for entrepreneurs can not be reported for Outputs against indicator 2.1

9243.09 ¹⁹⁸	1. Support farmers to get support prices announced by the Government	1.1. Expected Procurement volume of raw cotton in tonnes under Minimum Support Price (MSP) operation	Targets not amenable ¹⁹⁹	1. Benefit to farmers	1.1. Number of farmers who benefitted from MSP operation	Targets not amenable
		1.2. Number of states where MSP operations carried out	Targets not amenable			

¹⁹⁸ Financial outlay cannot be fixed in advance for procurement of cotton under MSP by Cotton Corporation of India (CCI). The price support, under MSP operation of cotton, is reimbursed after approval by Cabinet Committee of Economic Affairs which is on the basis of actual procurement and audited accounts.

¹⁹⁹ MSP operation of cotton is dealt through Cotton Corporation of India (CCI) as and when the rates are lower in the market as compared to MSP rates. During current cotton season (From 01.10.2021 to 30.09.2022), the cotton rate in the market is higher than to MSP rate and there is no procurement under MSP operation. Hence target is not amenable.
